Agenda reporting sheet

Finance Meeting 9 September 2024

Agenda Item:	Proposal: to purchase one SID (speed indicator device) per year for the next four years and place them on The Green Road, Clifton Road, Buxton Road and Belper Road. The budget for the next four years will include £10,000 per year (or such other number as the Clerk considers necessary to cover the cost of each device, based on recent experience).
Background Information:	We are currently doing a SID on the bypass. Experience shows that the whole process takes a couple of years. There is a need in Ashbourne for similar devices on all of the main roads.
	I am proposing that we make a strategic decision now, to expand our SIDs programme with the aim of getting a device on all the main roads within the next few years.
	Having this discussion now gets the concept agreed (or dismissed) and avoids last minute debate during the budget, when we are always short of time.
	Having an agreed SIDs strategy will help our Clerks to plan their future workload.
Background Documents:	None
